SUMMARY

Software Engineer with 4+ years of experience building production web applications and AI-powered products with Next.js, React, Node.js and PostgreSQL/MongoDB. Currently working on SaaS products at **MS Capital Soft** and client projects at **The Social Hawks**, with freelance clients in the USA and Australia since 2022.

EXPERIENCE

Software Engineer · MS Capital Soft — 2025 – Present · Karachi

- Build and maintain three SaaS products: **Adspoke** (AI-generated video ads), **ActiveCalculator** (calculator builder for quotes and lead capture) and **Selvo** (customer support platform with live chat and an AI agent).
- Deliver features, bug fixes and performance improvements as part of an agile team.

Full Stack Developer · The Social Hawks — 2025 – Present · Karachi

- Take client projects from Figma design to deployment, including requirements gathering and client communication.
- Built **Connectiva**, a Swiss business directory and B2B marketplace with company listings, jobs, project requests and paid plans. *Next.js, PostgreSQL, PL/pgSQL*
- Built **Mohit Computers**, an online store for used laptops with customer accounts and a Supabase admin dashboard, plus the Halwaiii and BlendWise websites.

Freelance Full Stack Developer · Self-employed — 2022 – Present · Remote

- Delivered websites for 5+ clients from brief to deployment, including **GracePoint Medical Staffing** and **Quality Care Senior Living** (Atlanta, USA) and **NDIS Beauty Collective** (Melbourne, Australia).
- Converted Figma designs into pixel-perfect, responsive, accessible sites with booking and contact flows.
